KESHAV KUMAR

Greater Noida, India | keshavkumarrai0604@gmail.com | 7479551289

SKILLS

- Languages/Core: Python, JavaScript/TypeScript, SQL, Data Structures & Algorithms, OOP, DBMS
- ML/Data: TensorFlow, Scikit-learn, NLP (spaCy, TF-IDF), Regression & Classification, Pandas, Matplotlib
- Web/Backend: React, Next.js, REST APIs, GraphQL, MongoDB, SQLite/SQLAlchemy
- Tools: Git, HTML/CSS, Streamlit

PROJECTS

Trackly – Placement Readiness Dashboard *Jan 2026*

Next.js, React, TypeScript, MongoDB, Mongoose, Tailwind CSS, GraphQL, GitHub API

- Built a full-stack platform aggregating LeetCode and GitHub activity to generate placement readiness scores
- Tracked 180 + active students weekly across 3–5 bootcamp cohorts, processing 250+ student profiles
- Enabled placement teams to monitor performance and identify skill gaps in real time

Expense Categorizer – NLP-Based Transaction Classification System *Apr 2026*

Python, Streamlit, Scikit-learn, Pandas, SQLAlchemy, SQLite, spaCy, TextBlob, TF-IDF, Logistic Regression

- Built an end-to-end NLP pipeline classifying transaction descriptions using TF-IDF and Logistic Regression
- Trained and evaluated on 8,000 labeled transactions, achieving 89% test accuracy
- Deployed as an interactive Streamlit dashboard for uploading, reviewing, and storing validated predictions, reducing manual categorization time by 65%

AI-Powered Job & Skill Recommendation Platform *Jun 2025*

Python, NLP, TensorFlow, Scikit-learn, Regression Models, Embeddings, API

- Built a GenAI-driven recommendation engine matching users to personalized job roles and skill paths using embeddings and NLP
- Achieved a 80% top 5 recommendation hit rate, evaluated on 100 + job descriptions
- Validated through user testing with 20–50 participants, achieving an average relevance rating of 4/5

EDUCATION

B.Tech, Computer Science — IILM University, Greater Noida

Expected Graduation: July 2027

CERTIFICATIONS

- Infosys Springboard – Java
- Infosys Springboard – Python
- Infosys Springboard – C
- Infosys Springboard – Introduction to Data Science
- Infosys Springboard – Database and SQL
